DIFFICULTY

HARD

THUMBNAILS TO SHOW YOU THE WAY!

1. From the parking area, cross the road and enter the trail. Go around the rocks and head uphill.
2. At the first intersection, turn right. This is the Appalachian Trail.
3. Continue walking, looking for the white blazes. You will be following the white blazes the entire time on the trail.
4. The trail has lots of roots, so watch your footing. One section may get wet and muddy, but there is a higher portion of the trail built to keep your feet dry.
5. Keep walking, keep walking, keep walking. You will come to a spot where a tree has fallen over the trail. Carefully step over it (unless it was removed).
6. Continue on the path until you reach the end of the path at Ridge Road. The post will be found on a tree with a white blaze to the left of the path (close to 0.75 mile/20 minutes into the walk).
7. To return, turn around and go back the way you came to the parking area.
